Google AI Studio and the Gemini API Status

Priority / Tier Visibility

Filter status by traffic tier. Free-tier requests use sheddable capacity, while billed-tier requests are protected by critical priority.

⚠ We are working to resolve the issues as quickly as possible

API

90 days Today

Multimodal Live API

90 days Today

Google AI Studio

90 days Today

Past Incidents

Oct 30, 2026

Major outage affecting API key traffic in AI Studio

Detected - We are experiencing an outage in AI Studio affecting all traffic using API keys. All requests using API keys are currently failing. Investigation is underway.

Oct 30, 11:42

Oct 22, 2026

Issues with apps in AI Studio Build

Resolved - Issue has been resolved.

Oct 22, 22:42

Detected - We are experiencing issues with apps in AI Studio Build. Users may see errors or timeouts when attempting to create, open, run, or deploy apps. Investigation is underway.

Oct 22, 21:21

Oct 1, 2026

Issues creating replicated voices in Gemini API and AI Studio

Resolved - Issue has been resolved. Creating replicated voices is working again in the Gemini API and AI Studio.

Oct 1, 17:20

Identified - We have identified the root cause and a fix is being rolled out.

Oct 1, 15:28

Detected - Requests to create replicated voices (voice cloning from an audio sample) are failing with a 404 "Requested entity was not found." error in both the Gemini API and AI Studio. Prompted voices and text-to-speech generation are not affected. Investigation is underway.

Oct 1, 14:31

Sep 16, 2026

Issues with AI Studio Billing and payment settings

Resolved - Issue has been resolved.

Sep 16, 18:02

Detected - We are experiencing issues with the Billing page in AI Studio. Users may see errors when viewing or managing payment details. Investigation is underway.

Sep 16, 15:13

Gemini API Batch requests not finishing in 24 hours

Resolved - Batch processing has returned to normal, but Batches scheduled between 2026-09-14 12:14:48 PDT (Mon) and 2026-09-15 21:11:46 PDT (Tue) could have been dropped. Customers will not be charged for those, nor their quota impacted.

Sep 16, 04:11

Sep 14, 2026

Gemini API Batch requests not finishing in 24 hours

Detected - We are experiencing issues where Gemini API batch requests are not finishing within 24 hours. Investigation is underway.

Sep 14, 07:00

Jul 15, 2026

Issues with apps in AI Studio Build.

Resolved - Issue has been resolved.

Jul 15, 15:39

Detected - We are experiencing issues with apps in AI Studio Build. Users may see errors or timeouts when attempting to create, open, run, or deploy applications. Investigation is underway.

Jul 15, 02:46

Jun 19, 2026

Issues with Nano Banana

Resolved - Issue has been resolved.

Jun 19, 12:30

Detected - We are experiencing issues with Nano Banana 2 and Nano Banana Pro models on Gemini API and AI Studio when using 2k or 4k resolution. Investigation is underway.

Jun 19, 07:54

Jun 7, 2026

Issues with Gemini API context caching

Resolved - Issue has been resolved.
Jun 7, 21:39

Detected - We are experiencing issues with Gemini API context caching resulting in higher token usage than expected. Mitigation is underway.
Jun 7, 15:47

Jun 5, 2026

Issues with Gemini API batch

Resolved - Issue has been resolved.
Jun 5, 05:19

Jun 4, 2026

Issues with Gemini API batch

Detected - Gemini API is experiencing issues on batch endpoints. Investigation is underway.
Jun 4, 04:30

May 31, 2026

Partial outage impacting some AI Studio features

Resolved - Issue has been resolved.
May 31, 07:15

Detected - Multiple AI Studio features are experiencing issues. Investigation is underway.
May 31, 04:00

May 21, 2026

Infrastructure outage

Resolved - Issue has been resolved.
May 21, 09:20

Identified - Infrastructure outage affecting AI Studio and Gemini API. Investigation is underway.
May 21, 07:30

May 5, 2026

Issues with streaming Deep Research

Resolved - Issue has been resolved.
May 5, 13:37

CreateDataset failures in AI Studio

Resolved - Issue has been resolved.
May 5, 14:17

May 3, 2026

Issues with streaming Deep Research

Detected - Issues with streaming Deep Research. Investigation is underway.
May 3, 18:23

CreateDataset failures in AI Studio

Detected - Issue has been detected. Investigation is underway.

May 3, 14:10

Apr 29, 2026

AI Studio Build outage

Resolved - Issue has been resolved.
Apr 29, 18:10

Detected - Issue has been detected. Investigation is underway.
Apr 29, 16:20

Apr 28, 2026

Gemini API is having some issues serving recently created keys

Resolved - Issue has been resolved.
Apr 28, 01:00

Apr 23, 2026

Customer upgrade to postpay experiencing service disruption

Resolved - Issue has been mitigated.
Apr 23, 19:46

Apr 22, 2026

Customer upgrade to postpay experiencing service disruption

Update - Mitigations are underway.

Apr 22, 17:00

Apr 21, 2026

Customer upgrade to postpay experiencing service disruption

Detected - Investigation is underway.

Apr 21, 23:24

Apr 20, 2026

AI Studio experiencing increased error rates.

Resolved - Issue has been resolved.

Apr 20, 15:00

Apr 17, 2026

Gemini API is having some issues serving recently created keys

Detected - Gemini API is having some issues serving recently created keys, including when used via OpenAI libraries. Investigation is underway. You can create a new key in AI Studio if your recently created key is not working.

Apr 17, 23:00

AI Studio experiencing increased error rates.

Detected - Issue has been detected. Investigation is underway.

Apr 17, 12:00

AI Studio Build experiencing latency issues.

Resolved - Issue has been resolved.
Apr 17, 00:00

Apr 6, 2026

Gemini API Batch experiencing issues.

Resolved - Issue has been resolved.
Apr 6, 13:58

Apr 3, 2026

Gemini API Batch experiencing issues.

Detected - Issue has been detected. Investigation is underway.
Apr 3, 20:41

Apr 2, 2026

AI Studio Build experiencing latency issues.

Identified - We are experiencing increased latency for Gemini API requests. Additionally, users on API keys may be charged for more tokens than usual due to decreased cache efficiency.
Apr 2, 13:00

Mar 22, 2026

AI Studio Spend Cap experiencing intermittent issues.

Resolved - Issue has been mitigated.

Mar 22, 06:00

Update - Mitigations are underway.

Mar 22, 04:00

Detected - Some users may see temporary errors when viewing Spend Cap. Investigation is underway.

Mar 22, 00:30

Mar 17, 2026

Increased error rates and latency for Gemini API.

Resolved - Issue has been resolved.

Mar 17, 13:50

Identified - Increased error rates and latency for Gemini API. Mitigations are underway.

Mar 17, 13:10

Mar 5, 2026

Increased error rates for model quota.

Resolved - Issue has been resolved.

Mar 5, 00:00

Mar 4, 2026

Increased error rates for model quota.

Detected - Issue has been detected involving increased quota errors for multiple models. Investigation is underway.

Mar 4, 00:30

Mar 2, 2026

Increased error rates for Build requests.

Resolved - Issue has been resolved.
Mar 2, 19:00

Identified - Issue has been detected affecting the Build experience.
Mar 2, 16:00

Feb 28, 2026

Gemini API Batch experiencing an outage.

Resolved - Issue has been resolved.
Feb 28, 04:04

Feb 27, 2026

Gemini API Batch experiencing an outage.

Detected - Issue has been detected. Investigation is underway.
Feb 27, 23:45

AI Studio Build experiencing intermittent issues.

Resolved - Issue has been resolved.
Feb 27, 01:00

Feb 24, 2026

AI Studio Build experiencing intermittent issues.

Identified - Several issues have been identified affecting the Build experience. Users may notice slower agent responses when using an API key, occasional response clipping, and intermittent errors. Multiple mitigations are being deployed.

Feb 24, 17:00

AI Studio Build experiencing intermittent issues.

Resolved - Issue has been resolved.

Feb 24, 01:00

Feb 23, 2026

AI Studio Build experiencing intermittent issues.

Detected - Issues have been detected. Users may experience hanging requests. Investigation is underway.

Feb 23, 13:24

Feb 22, 2026

AI Studio Build outage. 10% of agent requests are hanging.

Resolved - Issue has been resolved.

Feb 22, 04:37

Feb 20, 2026

AI Studio Build outage. 10% of agent requests are hanging.

Update - Number of impacted requests has reduced from 20% to 10%. Mitigiations are underway.

Feb 20, 22:00

Detected - Issue has been detected. Investigation is underway.
Feb 20, 17:00

AI Studio Build outage. Apps may not load. Mitigations are underway.

Resolved - Issue has been resolved.
Feb 20, 13:25

Detected - Issue has been detected. Mitigations are underway.
Feb 20, 05:20

AI Studio Build outage. Apps may not load. Mitigations are underway.

Resolved - Issue has been resolved.
Feb 20, 00:12

Feb 19, 2026

AI Studio Build outage. Apps may not load. Mitigations are underway.

Detected - Issue has been detected. Mitigations are underway.
Feb 19, 10:20

AI Studio Build outage. Apps may not load. Mitigations are underway.

Resolved - Issue has been resolved.
Feb 19, 04:37

Feb 18, 2026

AI Studio Build outage. Apps may not load. Mitigations are underway.

Detected - Issue has been detected. Mitigations are underway.

Feb 18, 19:14

Feb 4, 2026

Increased error rates for DeepResearch requests on Interactions API

Resolved - Issue has been resolved.
Feb 4, 12:30

Detected - Users are experiencing increased error rates for DeepResearch requests on Interactions API.
Feb 4, 09:00

Jan 9, 2026

Batch API outage.

Resolved - Issue has been resolved.
Jan 9, 10:00

Jan 8, 2026

Batch API outage.

Detected - Issue has been detected. Mitigations are underway.
Jan 8, 10:00

Jan 7, 2026

Apps in Build may not load due to esm.sh outage. Investigation is underway.

Resolved - Issue has been resolved.
Jan 7, 19:06

Detected - Issue has been detected. Investigation is underway.
Jan 7, 18:15

Dec 3, 2025

Nano Banana Pro outage.

Resolved - Issue has been resolved.
Dec 3, 20:00

Detected - Issue has been detected. Mitigations are underway.
Dec 3, 17:00

Nov 18, 2025

Apps in Build may not load due to global Cloudflare outage. Mitigations are underway.

Resolved - Issue has been resolved.
Nov 18, 15:09

Detected - Issue has been detected. Mitigations are underway.
Nov 18, 12:35

Nov 12, 2025

Gemini API Logs may not appear for some users. Investigation is underway.

Resolved - Issue has been resolved.

Nov 12, 02:15

Nov 11, 2025

Gemini API Logs may not appear for some users. Investigation is underway.

Detected - Issue has been detected. Mitigations are underway.
Nov 11, 18:15

Oct 22, 2025

YouTube url handling outage.

Resolved - Issue has been resolved.
Oct 22, 23:32

Detected - Issue has been detected. Mitigations are underway.
Oct 22, 21:01

File API document processing outage.

Resolved - Issue has been resolved.
Oct 22, 07:00

Detected - Issue has been detected. Mitigations are underway.
Oct 22, 01:55

Oct 16, 2025

AI Studio Code Assistant outage.

Resolved - Issue has been resolved.

Oct 16, 18:00

Detected - Issue has been detected. Mitigations are underway.

Oct 16, 14:45

Oct 9, 2025

AI Studio Realtime and Gemini Live API outage.

Resolved - Issue has been resolved.

Oct 9, 16:15

Detected - Issue has been detected. Mitigations are underway.

Oct 9, 14:00

Oct 8, 2025

Gemini Batch API outages.

Resolved - Issue has been resolved.

Oct 8, 13:30

Oct 4, 2025

Gemini Batch API outages.

Detected - Issue has been detected. Mitigations are underway.

Oct 4, 22:00

Sep 30, 2025

Gemini API and AI Studio File Service / Veo outages.

Resolved - The issue has been resolved.
Sep 30, 01:30

Detected - Issue has been detected. Mitigations are underway.
Sep 30, 00:00

Sep 29, 2025

Gemini API and AI Studio outage.

Resolved - The issue has been resolved.
Sep 29, 18:53

Detected - Issue has been detected. Investigation is underway.
Sep 29, 18:00

Sep 5, 2025

API key requests may fail for some users. Investigation is underway.

Resolved - The issue has been resolved.
Sep 5, 18:00

Sep 4, 2025

AI Studio may not load for some users.

Resolved - The issue has been resolved.
Sep 4, 16:30

Detected - Issue has been detected. Investigation is underway.

Sep 4, 15:30

ListModels requests fail for all users. Investigation is underway.

Resolved - The issue has been resolved.

Sep 4, 11:00

Detected - ListModels requests fail for all users. Investigation is underway.

Sep 4, 10:20

A bug in the billing system is causing erroneous charges on 'Gemini 2.5 Flash Native Image Generation' for some users. All such charges will be refunded.

Resolved - The issue has been resolved. Refunds have been issued and we expect the changes to be displayed on customer accounts within 48 hours.

Sep 4, 00:00

Sep 3, 2025

API key requests may fail for some users. Investigation is underway.

Detected - API key requests may fail for some users. Investigation is underway.

Sep 3, 05:00

Aug 24, 2025

A bug in the billing system is causing erroneous charges on 'Gemini 2.5 Flash Native Image Generation' for some users. All such charges will be refunded.

Detected - Erroneous charges have been reported for some users.

Aug 24, 00:00

Jul 3, 2025

Video Understanding is unavailable for some users. Investigation is underway.

Resolved - The issue has been resolved.
Jul 3, 00:00

Jul 2, 2025

Video Understanding is unavailable for some users. Investigation is underway.

Detected - Video Understanding is unavailable for some users. Investigation is underway.
Jul 2, 00:00

Jun 12, 2025

Gemini API and AI Studio outage

Resolved - The issue has been resolved.
Jun 12, 21:05

Detected - Gemini API and AI Studio are unavailable for some users. We are investigating the issue.
Jun 12, 18:10

Jun 5, 2025

Intermittent unavailability of Gemini API 2.5 Pro

Resolved - The issue affecting Gemini 2.5 Pro has been resolved.
Jun 5, 14:30

Detected - Gemini 2.5 Pro is unavailable for some users.

Jun 5, 11:00

May 12, 2025

Intermittent unavailability of Gemini API 2.5 Pro

Resolved - The issue is mitigated. We are keeping the incident open to monitor the situation.

May 12, 10:15

Detected - Gemini 2.5 Pro is unavailable for some users.

May 12, 06:15

May 9, 2025

Intermittent unavailability of Gemini API

Resolved - Mitigations were deployed, and error levels are back to nominal levels.

May 9, 14:30

Detected - Some requests across all models were failing with 500 or 503 errors.

May 9, 11:55

May 8, 2025

Video processing failures in AI Studio

Resolved - Issue has been resolved.

May 8, 17:45

May 7, 2025

Extra text returned with Gemini 2.5 models

Resolved - Issue has been resolved.
May 7, 03:15

Detected - Extra text was returned in Gemini API responses and on AI Studio with Gemini 2.5 models.
May 7, 01:00

May 1, 2025

Video processing failures in AI Studio

Detected - Detected an issue with video processing in AI Studio.
May 1, 08:00

Apr 15, 2025

Gemini 2.5 Pro Unavailability Incident

Resolved - Issue has been resolved.
Apr 15, 15:30

Detected - Users are experiencing unavailability issues with Gemini 2.5 Pro
Apr 15, 14:30

Gemini 2.5 Pro Unavailability Incident

Resolved - Issue has been resolved.
Apr 15, 02:40

Detected - Users are experiencing unavailability issues with Gemini 2.5 Pro.
Apr 15, 02:10

Feb 21, 2025

Gemini 1.5 Pro Throttling Incident

Resolved - Throttling issues with Gemini 1.5 Pro have been resolved.
Feb 21, 14:00

Gemini API throttling some users using the OpenAI library

Resolved - The fix resulted in a significant improvement. The issue is considered resolved. Monitoring for remaining issues.
Feb 21, 18:00

Feb 20, 2025

Gemini API throttling some users using the OpenAI library

Mitigated - A fix was implemented to address the configuration issue.
Feb 20, 18:00

Feb 19, 2025

Gemini 1.5 Pro Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 1.5 Pro.
Feb 19, 17:00

Gemini API throttling some users using the OpenAI library

Identified - The cause of the issue was identified as a configuration problem.
Feb 19, 18:00

Detected - An issue affecting some users using the OpenAI library with the Gemini API was reported.

Feb 19, 08:00

Feb 10, 2025

Gemini 1.5 Pro and Flash Throttling Incident

Resolved - Throttling issues with Gemini 1.5 Pro and Flash models have been resolved.

Feb 10, 08:00

Feb 5, 2025

Gemini 1.5 Pro and Flash Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 1.5 Pro and Flash models.

Feb 5, 08:00

Feb 1, 2025

Gemini 2.0 Flash and 1.5 Pro Throttling Incident

Resolved - Throttling issues with Gemini 2.0 Flash and 1.5 Pro models have been resolved.

Feb 1, 18:00

Jan 30, 2025

Gemini 1.5 Pro Throttling Incident

Resolved - Throttling issues with Gemini 1.5 Pro have been resolved.

Jan 30, 04:00

Jan 29, 2025

Gemini 2.0 Flash and 1.5 Pro Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 2.0 Flash and 1.5 Pro models.
Jan 29, 00:00

Jan 26, 2025

Gemini 1.5 Pro Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 1.5 Pro.
Jan 26, 13:00

Jan 23, 2025

AI Studio Drive Link Issue

Resolved - The fix was deployed to the production environment. Drive-generated links now load correctly in AI Studio.
Jan 23, 18:00

Jan 22, 2025

AI Studio Drive Link Issue

Mitigated - A fix was implemented and submitted to address the issue with link handling.
Jan 22, 22:00

Jan 21, 2025

AI Studio Drive Link Issue

Identified - Further investigation determined the issue affected all Drive-generated links for AI Studio.

Jan 21, 18:00

Jan 17, 2025

AI Studio Drive Link Issue

Detected - An issue was discovered where links to AI Studio generated from Drive were not loading correctly within AI Studio.

Jan 17, 17:00

Jan 15, 2025

Gemini 2.0 Flash Throttling Incident

Resolved - Throttling issues with Gemini 2.0 Flash have been resolved.

Jan 15, 10:00

Jan 14, 2025

Gemini 2.0 Flash Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 2.0 Flash.

Jan 14, 08:00

Jan 9, 2025

Gemini 2.0 Flash Throttling Incident

Resolved - Throttling issues with Gemini 2.0 Flash have been resolved.

Jan 9, 20:00

Jan 7, 2025

Gemini 2.0 Flash Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 2.0 Flash.

Jan 7, 13:00

Dec 31, 2024

Gemini 2.0 Flash Throttling Incident

Resolved - Throttling issues with Gemini 2.0 Flash have been resolved.

Dec 31, 14:00

Dec 30, 2024

Gemini 2.0 Flash Throttling Incident

Detected - Users are experiencing throttling issues with Gemini 2.0 Flash.

Dec 30, 12:00
